This is Moses. He is still waiting for a loving home.

Did you know?

In 2014, FJAH placed 247 kittens, puppies, cats and dogs into loving homes! Woof!

Lorelai... still waiting too.

Thanks, Ladies!

Members of the North Jersey Chapter of The American Sewing Guild spent an afternoon sewing dog beds for FJAH. They do numerous projects that benefit the community. We are so grateful for their thoughtfulness!

Disney's MAGICAL TRANSFORMATION

On a recent trip to a kill shelter, Joanne (our volunteer dog trainer) and I went to look for dogs to bring to FJAH. While there, Joanne saw a terrier mix in a corner kennel. When Joanne asked about him, the staff replied that he had been there for two months and that he was blind. He didn't have a name, his fur was matted, and you couldn't see his eyes. At that point Joanne went into his kennel to take a closer look.

She realized that he was missing one eye and could barely see out of the other. Not one staff member knew his name, the condition of his eyes or that he had been neutered. This dog also didn't have a number like all the other dogs so they had to find him in the system by his rabies tag number. It is probable that this dog would have been forgotten about entirely. We couldn't leave him there!

On the way home, Joanne and I decided to name him Disney. We wanted to name him something happy that would make people smile. A few days later the FJAH staff went to work cutting off his matted hair. He was then taken to the groomer. When Disney came back, he looked very handsome. A sharp contrast to his previous look!

Disney is just the happiest dog around. He is about 4 years old. If you talk to him he will try to get to you by the sound of your voice. He is a wonderful dog that walks well on a leash and would be a great addition to any family! If you would like to know more about Disney, please call the shelter.
